MWI 2020 Vineyard Membership Application/Renewal

Vineyards in Mendocino County that grow grapes for the purpose of making wine are encouraged to join MWI as a "Vineyard/Grower" member. Your membership will allow MWI to promote the unique story of our region. We work to grow the demand for Mendocino grapes and help grape buyers find your special vineyard. MWI works to market member grapes and vineyards through our website and the "No Grape Left Behind" campaign, educate our growers through our Technical Tasting Series, and bring trade and media to our county to communicate and promote the amazing diversity and qualities of our many growing regions.
