

REVENUE LOSS ASSISTANCE

Emergency Relief Program Phase 2 and Pandemic Assistance Revenue Program Comparison Factsheet

Emergency Relief Program (ERP) Phase 2

Overview

ERP Phase 2 is part of the Extending Government Funding and Delivering Emergency Assistance Act, which includes \$10 billion in assistance to agricultural producers impacted by expenses associated with losses of eligible crops due in whole or part, to a qualifying disaster event experienced **during calendar years 2020 and 2021**. ERP Phase 2 provides direct financial assistance to producers who suffered an eligible revenue loss in the applicable disaster year, compared to the benchmark year.

Benchmark & Disaster Years

ERP Phase 2 applicants will use the following **tax years** when selecting allowable gross revenue:

- Benchmark years: 2018 and/or 2019, or **adjusted** for new producers with no 2018 or 2019 revenue, or if the benchmark years are not representative of the disaster year due to a change in operation size;
- Disaster years: 2020 and/or 2021. The allowable gross revenue for the specific disaster year will be based on the **tax year** applicable to that revenue (2020, 2021 or 2022)

Pandemic Assistance Revenue Program (PARP)

Overview

USDA is providing critical support to producers impacted by the effects of the COVID-19 outbreak through the Pandemic Assistance Revenue Program (PARP). PARP provides direct financial assistance to producers of agricultural commodities who suffered at least a 15% loss in gross revenue in **calendar year 2020** due to the COVID-19 pandemic.

Benchmark & Disaster Years

To be eligible for PARP, an agricultural producer must have been in the business of farming during at least part of the **2020 calendar year** and had a 15% loss in allowable gross revenue for the **2020 calendar year**, as compared to:

- The 2018 or 2019 **calendar year**, as elected by the producer, if they received allowable gross revenue during the 2018 or 2019 **calendar years**, or
- the producers' expected 2020 **calendar year** allowable gross revenue if the producer had no allowable gross revenue in 2018 or 2019.

Eligible Producers

To be eligible for payments, individuals or legal entities must:

- Be an eligible producer who was entitled to a share in the agriculture commodity or would have shared had the agriculture commodity been produced and marketed;
- Comply with the provisions of the “Highly Erodible Land and Wetland Conservation” regulations, often called the conservation compliance provisions;
- Not have a controlled substance violation.
- **For ERP Phase 2 Only:** Be a U.S. citizen, resident alien, which means “lawful alien,” a partnership consisting solely of U.S. citizens or resident aliens, a corporation, limited liability company, or other organizational structure organized under State law consisting solely of U.S. citizens or resident aliens, Indian Tribe or Tribal Organization, per section 4(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304)
- **ERP Phase 2 Only:** if at least 75% of the person or legal entity’s average AGI is derived from farming, ranching, or forestry related activities and the participant provides the required certification and documentation by submitting optional form FSA-510, as discussed below, the person or legal entity, other than a joint venture or general partnership, is eligible to receive, directly or indirectly, up to:
 - \$900,000 for each program year for specialty and high value crops; and
 - \$250,000 for each program year for all other crops

- **For PARP Only:** Be a U.S. citizen, resident alien, which means “lawful alien,” a partnership, a corporation, limited liability company, or other organizational structure organized under State law, Indian Tribe or Tribal Organization, per section 4(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304), a foreign person or foreign entity who meets all requirements as described in 7 CFR part 1400;
- **PARP Only:** To be eligible for payments, a person or legal entity must have an average adjusted gross income (AGI) of less than \$900,000 for tax years 2016, 2017, and 2018 or have an adjusted gross income of less than \$900,000 for tax year 2020 if exceeding average AGI. With respect to joint ventures and general partnerships, this AGI provision will be applied to members of the joint venture and general partnership.

Note: An applicant is not required to have filed a Schedule F to determine allowable gross revenue. If an applicant did not file a Schedule F, the applicant will use the applicable federal tax form filed to determine allowable gross revenue in the same manner as if a Schedule F was filed.

Producer Documentation

Producers will need to gather supporting documentation including Schedule F (Form 1040), Profit or loss From Farming or similar tax documents for **calendar years** 2018, 2019 and 2020 for PARP and for **tax year** 2018, 2019, 2020, 2021, and 2022 for ERP Phase 2.

Producers should also have the following forms on file for both PARP and ERP Phase 2 program participation:

- Form AD-2047, Customer Data Worksheet (as applicable to the program participant).
- Form CCC-902, Farm Operating Plan for an individual or legal entity.
- Form CCC-901, Member Information for Legal Entities (if applicable); and
- Form AD-1026 Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification.

Most producers, especially those who have previously participated in FSA programs, will likely have these required forms on file. However, those who are uncertain or want to confirm should contact their local FSA County Office.

In addition to the forms listed above, certain producers will also need to submit the following form to qualify for an increased payment rate as applicable for ERP Phase 2 and PARP.

- Form CCC-860, Socially Disadvantaged, Limited Resource, Beginning and Veteran Farmer or Rancher Certification, if applicable.

Payment Limitations & Eligibility

PARP and ERP both have a \$125,000 payment limit per person or legal entity. For ERP, the \$125,000 payment limit is combined from Phase 1 and Phase 2.

Additionally, there is a separate \$125,000 payment limit for specialty/high value commodities for ERP Phase 2. Payment Limitations are also separate for each program year 2020 and 2021.

ERP Phase 2 Only: As a condition of payment eligibility, producers must obtain crop insurance or NAP coverage, as applicable for the eligible crops(s) involved in the revenue loss.

PARP Only: PARP may have a reduced payment limitation

Applying for Assistance

The Farm Service Agency (FSA) is accepting applications for ERP Phase 2 and PARP from **Jan. 23, 2023 to June 2, 2023**.
